Guest Speaker:

Jan Chalmers is the Founder and Project Coordinator of the Palestine History Tapestry Project. She and her husband lived in Gaza for two years, working in UNRWA's maternal and child health programme. Between 2000 and 2012, she taught embroidery to South African village women, and supported them in creating a South African History Tapestry, which is now displayed permanently in the Parliament House in Cape Town. This experience has proved invaluable in developing the Palestine History Tapestry Project.

Organised by
Norwich Stop the War Coalition,
Norwich Palestine Solidarity Campaign & the Neesa Project
