This year PSC is working with a range of partners including key Palestinian community organisations to mark the centenary of the declaration including a national march and rally on the 4th of November, to raise public awareness of Britain's central role in the dispossession of the Palestinian people, and for Britain to fulfil its role and responsibilities as a key member of the international community. Britain has a particular responsibility for ensuring that Palestinian human rights are protected and respected.

For the past 100 years Palestinian rights have been disregarded. As we approach the centenary of the Balfour Declaration -on the 2nd of November- which built the path for their dispossession, we are demanding justice and equal rights for Palestinians now.
